ST ANDREW'S SCHOOL
BLOEMFONTEIN

THE LEGACY FUND

The opportunity to create a legacy

We want to give future generations of brothers the possibility to build on what has come before.

They should have the opportunity to walk a better path towards becoming the best version of themselves.

By supporting the Legacy Fund, you will not only enable the school to upgrade facilities but also create new projects ensuring a brighter future for our boys and greater Saints community.

ST ANDREW'S SCHOOL
BLOEMFONTEIN

THE LEGACY FUND

Introducing the St Andrew's Legacy Fund

The Legacy Fund was established to secure the future of the school and ensure it remains a place of excellence for generations to come.

With diminishing support from the Education Department, it has become increasingly challenging for schools to sustain and grow without additional help. Currently, 54% of the school's staff are funded through the School Governing Body, which covers 99% of the school's operational costs.

Capital projects and infrastructure developments fall outside the scope of what school fees can provide.

The Legacy Fund bridges this gap, enabling us to undertake important projects that ensure the continued success and growth of the school.

Our aims with the Legacy Fund

At its heart, the Legacy Fund is about preserving and enhancing a school that offers possibility and opportunity to every boy who walks through its gates.

Christian ethos with the Chapel as its heart, the school is dedicated to shaping good fathers, husbands, and community leaders. It's a place where boys are guided and nurtured on their journey to manhood, learning respect for themselves, for others, and for the world around them. It's a brotherhood that connects generations, forging bonds that last a lifetime.

We believe that not every learner that comes to Saints, comes from a privileged background, but every learner who leaves us does so equipped with the tools, values, and confidence to forge a successful life.

Our vision is to give future generations
of young men the opportunity
to build upon the foundations laid by
those who came before them.

We want them to walk an even better path,
becoming the very best versions of themselves.

**Supporting the Legacy Fund
means becoming part of
this vision**

Supporters can contribute R1,000 monthly
to the Fiat Lux Trust. Alternatively, an annual
contribution of R12,000 is also welcome.

**It's a commitment
to sustaining the traditions
and standards of excellence
that define our school.**

We invite current families, Old Boys, and supporters
of the school to get involved, leave their mark, and be
part of a legacy that will shape countless futures.
